iNEMI Member Briefing

Thursday, November 6, 2008

Held in conjunction with IEMT 2008:

**Parkroyal Penang hotel
BATU FERRINGHI BEACH
PENANG MALAYSIA 11100
Malaysia**

+60 4 881 1133

+60 4 881 2233

**Email: enquiry@pen.parkroyalhotels.com
Website: <http://www.parkroyalhotels.com>**

Date & Time: Thursday, November 6, 2008 7:00 p.m. – 8:30 p.m.

Background

iNEMI has been conducting collaborative efforts in Asia since 2005 and opened a regional office in Shanghai in 2008. A number of iNEMI member companies have centers of excellence in Asia which might benefit from and contribute to iNEMI's Asian activities. iNEMI OEMs and EMS Firms have a significant presence in Penang.

Objectives

The purpose of this meeting is to:

- Inform participants about iNEMI
- Provide a progress report on iNEMI collaboration Efforts
- Communicate iNEMI Asian organization and results to date
- Provide a platform for iNEMI members to network and take refreshments.

Intended Audience

- Key decision makers from Technology Development within iNEMI member firms
- Invited guests who are interested in participation in iNEMI.

Benefits of Participation

By participating in this meeting you will gain additional insight into the efforts and successes of industry collaboration within iNEMI. You will also interact with key contributors within the Asian electronics community. In addition, you can provide feedback to improve the value of current and/or future iNEMI efforts within the region.

Briefing Agenda (about 30 minutes)

- iNEMI Background
- Goals for 2008
- Progress on the 2009 Roadmap
- Progress on technology projects
- Industry forums
- Position papers
- iNEMI Asia
 - Organization
 - Results
- Feedback/Wrap-up

About iNEMI

The International Electronics Manufacturing Initiative's mission is to identify and close technology gaps, which includes the development and integration of the electronics industry supply infrastructure. This industry-led consortium is made up of approximately 70 manufacturers, suppliers, industry associations and consortia, government agencies and universities. iNEMI roadmaps the needs of the electronics industry, identifies gaps in the technology infrastructure, establishes implementation projects to eliminate these gaps (both business and technical), and stimulates standards activities to speed the introduction of new technologies. The consortium also works with government agencies, universities and other funding agencies to set priorities for future industry needs and R&D initiatives. iNEMI is based in Herndon, Va., with a representative office in Shanghai, China. For additional information about iNEMI, visit <http://www.inemi.org>.
