

iNEMI[®]

International Electronics Manufacturing Initiative

Sustainability Summit Overview

Bob Pfahl, iNEMI

Hosted by:

MOTOROLA

Advancing manufacturing technology

Summit Goals

- **The goals of the workshop, breakout teams and action groups are to:**
 - **Evaluate opportunities for industry collaboration on proactive environmental programs**
 - **Define academic research needs to support these programs**
 - **Stimulate funding for the necessary research**
 - **Form and execute the required industrial collaborative programs**

Summit Process

- **6 Presentation Sessions**
- **Breakout Team Formation**
- **Reconvene to Summarize Proposed Actions**

Presentation Sessions

Today

- **Keynote Session: Leading Change in Industry**
- **Materials**
- **Energy**
- **Eco-Design**

This Evening

- **“The Practice of Technology in the Anthropocene”**
- **Brad Allenby**

Tomorrow

- **Recycling, Reuse, End of Life**
- **Sustainability**

Session Structure

- **3 to 4 Four Presentations per Session**
- **Facilitated Panel Discussion**
 - **Questions From The Audience**
 - **Questions From The Chair**
- **Objectives of Discussion**
 - **Promote discussion between stakeholders.**
 - **Bring forward potential areas for industry wide collaboration.**

Break Out Teams

- **Steps**
 - **Identify Areas for Collaborative Development or Research**
 - **Establish Break Out Teams in These Areas**
 - **Each Team Outlines a Potential Objective and Action Plan**
 - **Reconvene for Summary**
 - **Teams to Present Proposed Actions**
