

**Chan Pin Chong**  
**Executive Vice President & General Manager**  
**Products & Solutions**  
**Kulicke & Soffa**

Chan Pin Chong is Executive Vice President & General Manager of Kulicke & Soffa (K&S) Products and Solutions and has served on the iNEMI Board of Directors since 2019. He joined Kulicke & Soffa in 2014 as Vice President of the Wedge Bonders business unit, where he successfully turned around the business and led the team to higher growth by diversifying into the battery bonding market.

Chan Pin is a technology industry veteran with more than 29 years of engineering and operations experience in the semiconductor and electronics industry. He started his career as a Process and Test Engineer at Motorola Pagers and Cellular group and pioneered multiple factories in Asia before advancing to the role of Manufacturing Manager at Flextronics. He also served as Technical Director and General Manager at KLA–Tencor, and as Global President & CEO at Everett Charles Technologies, managing and leading test and probe technologies.

Chan Pin received his bachelor's degree in Electrical Engineering and Computer Science from the State University of New York at Buffalo and a master's degree in Business Administration from the University of Leicester, United Kingdom.
